

Global STEM Workbook

Name:

Project 1:

Location

Where in the world is your project based?

Context

In what context are you looking at this project?

Problem/Situation

Why are you looking at this project?

Research

Answer the research questions in the textbook here

Ideas

What are your ideas about how you could complete your project?

Ideas Continued

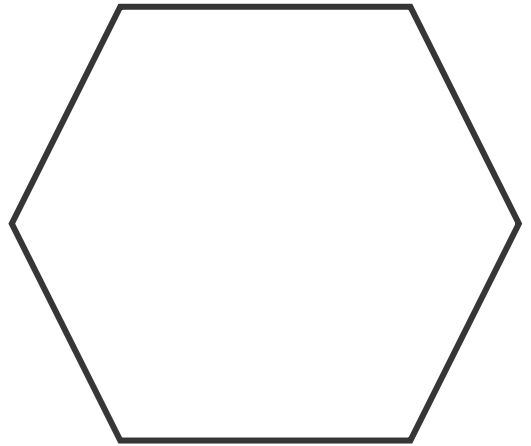

What you did

How did you complete the project – include photos!

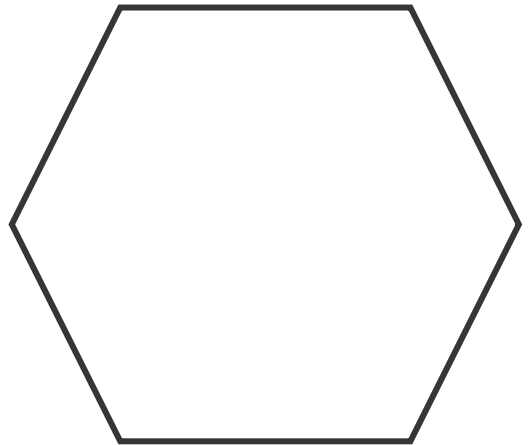

Careers

Write about three careers relevant to your project here

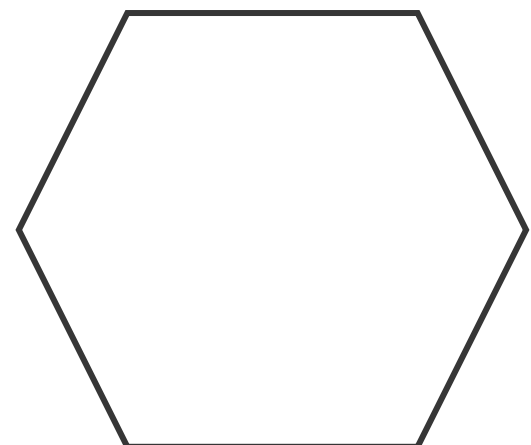

Career 1:

Career 2:

Career 3:

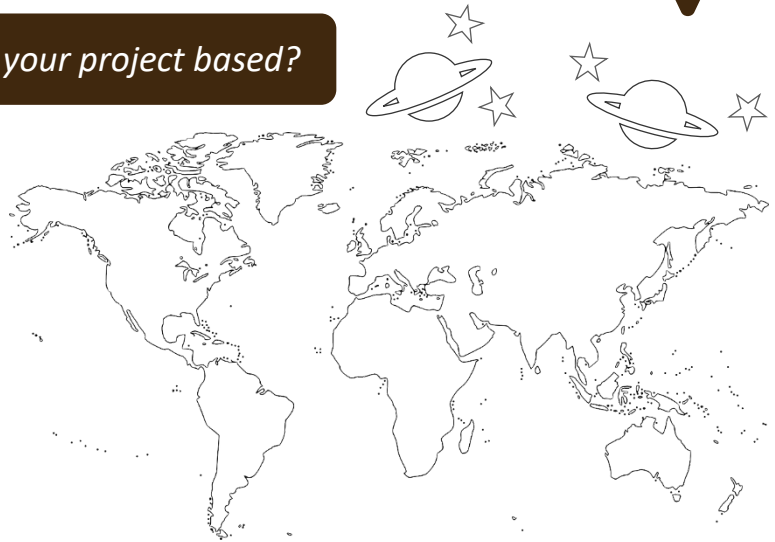

Project 2:

Location

Where in the world is your project based?

Context

In what context are you looking at this project?

Problem/Situation

Why are you looking at this project?

Research

Answer the research questions in the textbook here

Ideas

What are your ideas about how you could complete your project?

Ideas Continued

What you did

How did you complete the project – include photos!

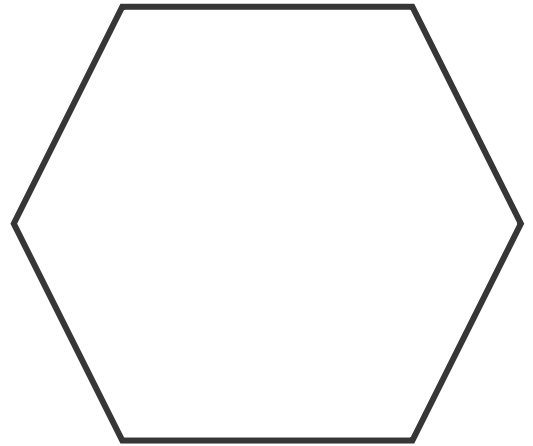

Careers

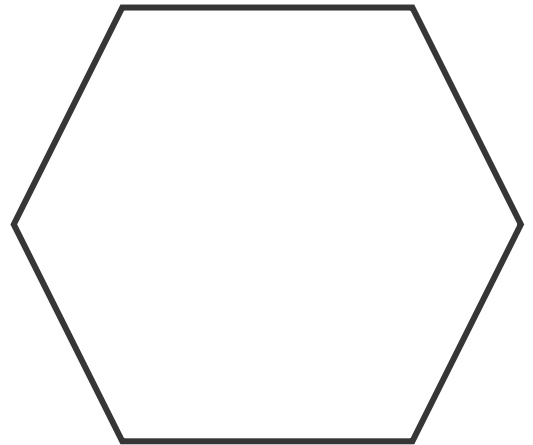

Write about three careers relevant to your project here

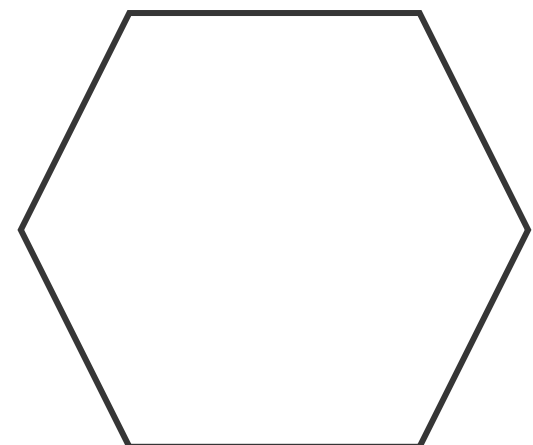

Career 1:

Career 2:

Career 3:

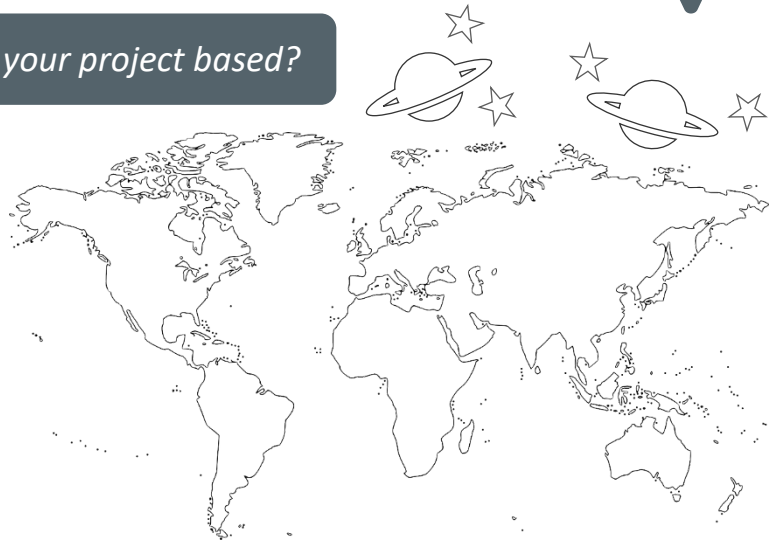

Project 3:

Location

Where in the world is your project based?

Context

In what context are you looking at this project?

Problem/Situation

Why are you looking at this project?

Research

Answer the research questions in the textbook here

Ideas

What are your ideas about how you could complete your project?

Ideas Continued

What you did

How did you complete the project – include photos!

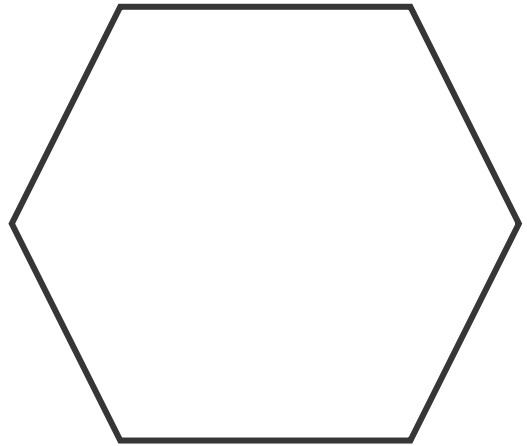

Careers

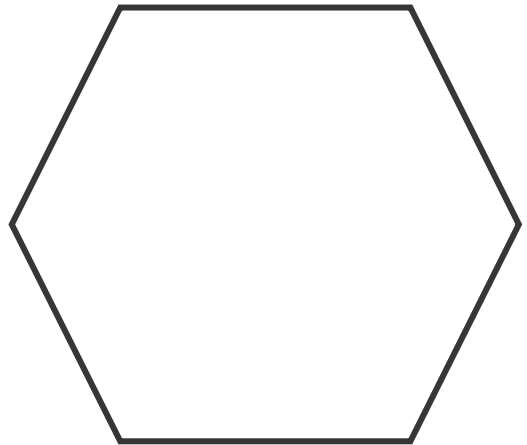

Write about three careers relevant to your project here

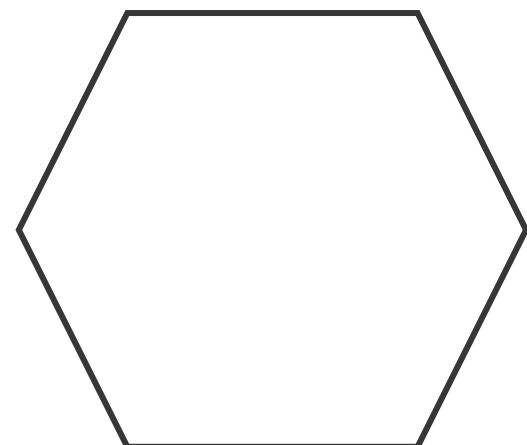

Career 1:

Career 2:

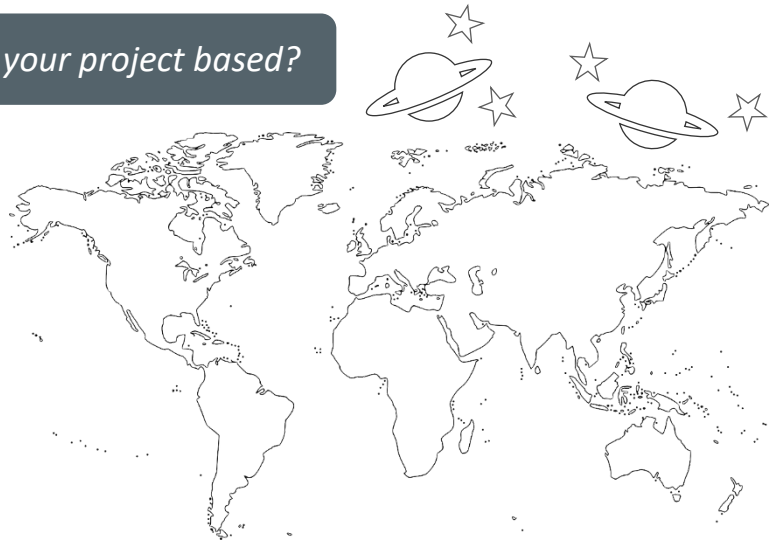

Career 3:

Project 4:

Location

Where in the world is your project based?

Context

In what context are you looking at this project?

Problem/Situation

Why are you looking at this project?

Research

Answer the research questions in the textbook here

Ideas

What are your ideas about how you could complete your project?

Ideas Continued

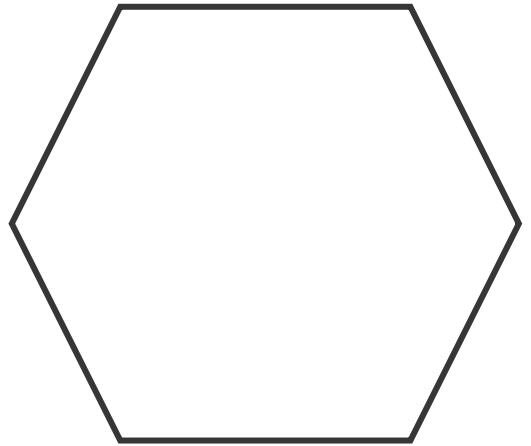

What you did

How did you complete the project – include photos!

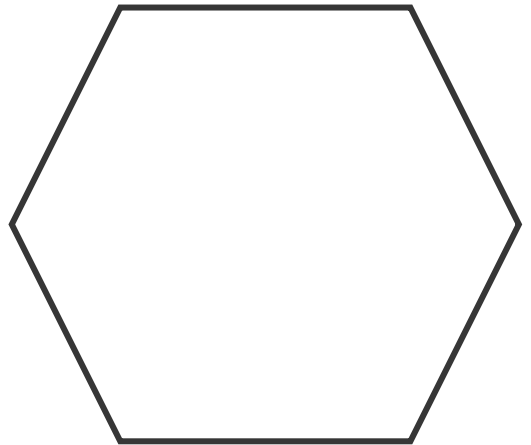

Careers

Write about three careers relevant to your project here

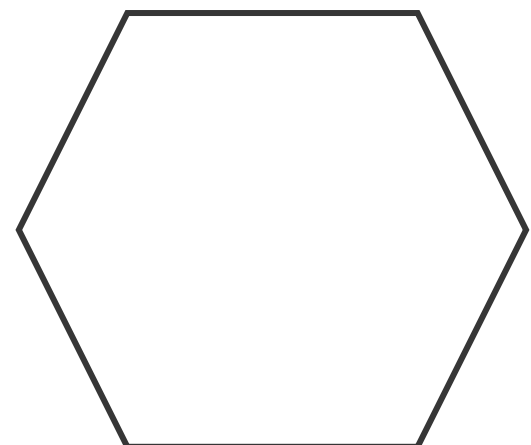

Career 1:

Career 2:

Career 3:

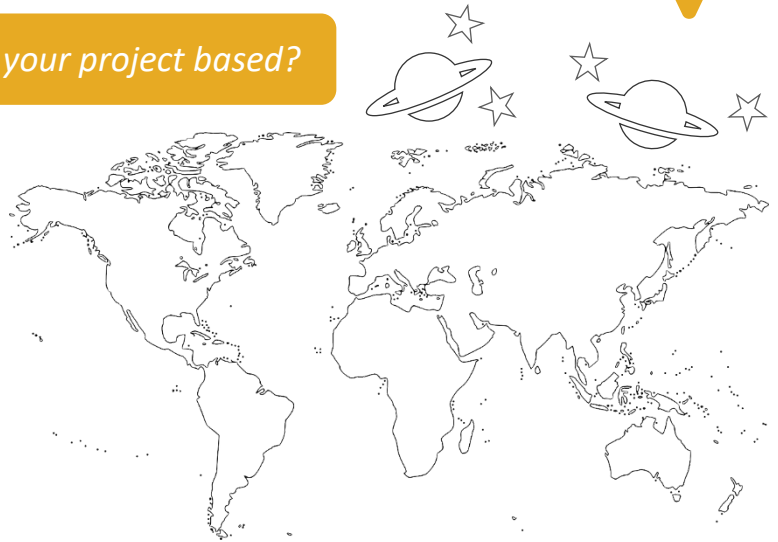

Project 5:

Location

Where in the world is your project based?

Context

In what context are you looking at this project?

Problem/Situation

Why are you looking at this project?

Research

Answer the research questions in the textbook here

Ideas

What are your ideas about how you could complete your project?

Ideas Continued

What you did

How did you complete the project – include photos!

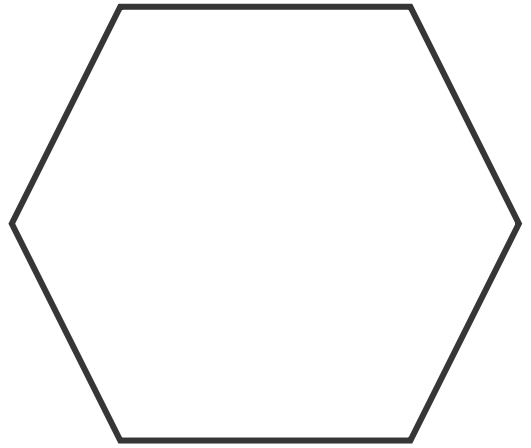

Careers

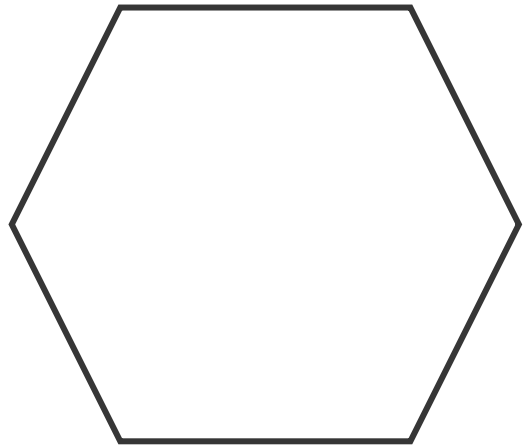

Write about three careers relevant to your project here

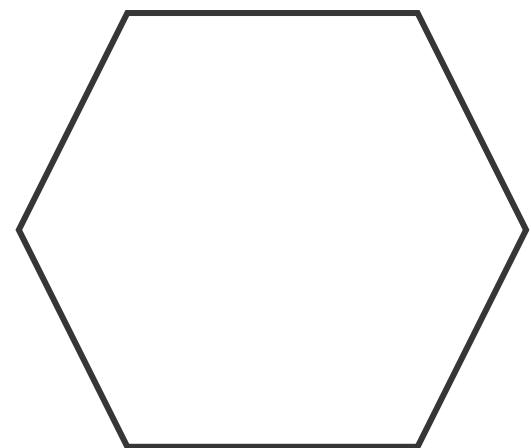

Career 1:

Career 2:

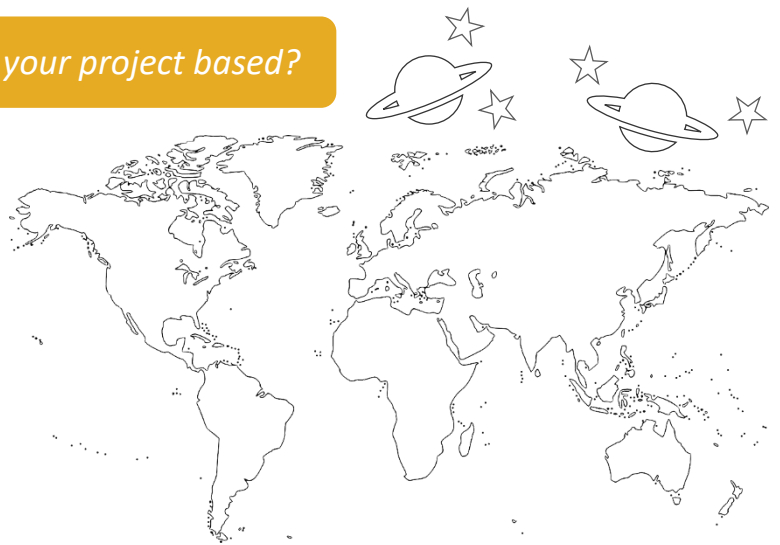

Career 3:

Project 6:

Location *Where in the world is your project based?*

Context *In what context are you looking at this project?*

Problem/Situation *Why are you looking at this project?*

Research

Answer the research questions in the textbook here

Ideas

What are your ideas about how you could complete your project?

Ideas Continued

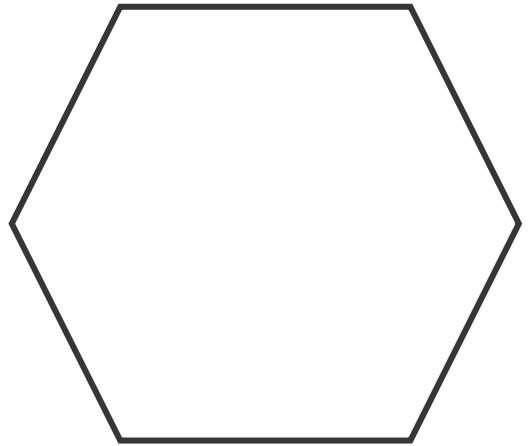

What you did

How did you complete the project – include photos!

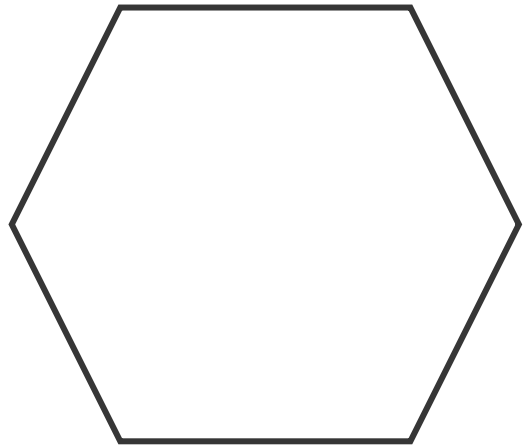

Careers

Write about three careers relevant to your project here

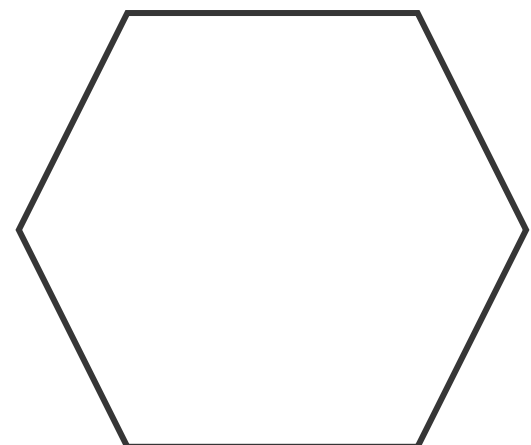

Career 1:

Career 2:

Career 3:

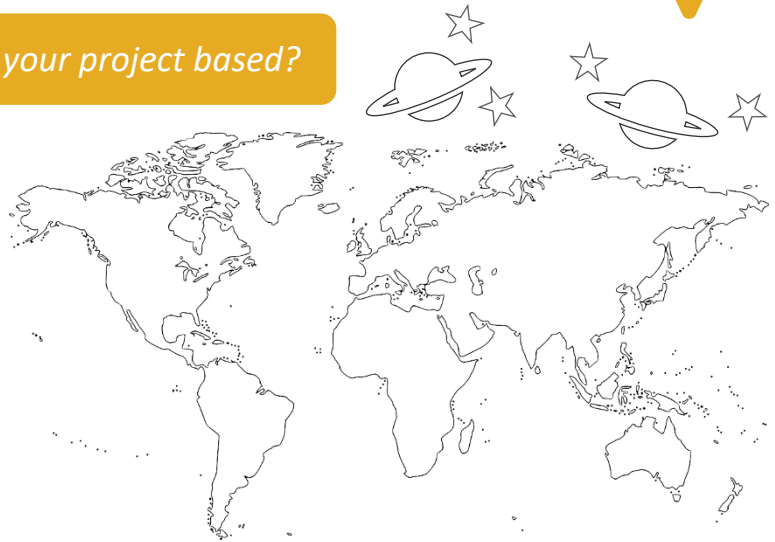

Project 7:

Location

Where in the world is your project based?

Context

In what context are you looking at this project?

Problem/Situation

Why are you looking at this project?

Research

Answer the research questions in the textbook here

Ideas

What are your ideas about how you could complete your project?

Ideas Continued
